Mon..... 24.7. *Big Barbeque*  
Wed..... 26.7. *Capatains Dinner*  
Thu..... 27.7. *Prizegiving*

## **Hi folks,**

I would like to invite you to next years Europeans at lake Oldambt in the north-east of the Netherlands. Don't get a fright when you look at the map: It seems tiny – but have a look at the following Videos (with a big Thank You to Michiel for posting it) :

[https://www.youtube.com/watch?v=AWQmiwDrN\\_8](https://www.youtube.com/watch?v=AWQmiwDrN_8)

He did also a 'stabilized' version (<https://www.youtube.com/watch?v=L29Bcgg8QSE>) but I prefer the first as the movement of the boats and sails becomes a bit funny. These videos are from our training-weekend early this year. It does not only show a perfect spinnaker gybe by Arent & Michiel, but as Steffi was panning forth and back a lot, you get a perfect 360° view about the lake.

Another interesting point is that the Oldambtmeer is artificial – my PNA for example doesn't know about it. Positioned between Groningen and the german border (north of Winschoten). The Blauwestad is quite a spectacular project since the reclamation projects in the IJsselmeer (with opposite sign).

The lake is not deep but has sufficient depths and we hadn't any problems.

It is a recreational area and there is lots to do for the family as Groningen and the north sea coast isn't far.

The Club with the harbor in the north-west of the lake is very nice and has lots a green around.

You can find some picks on [www.dewaternimf.nl](http://www.dewaternimf.nl). Directly aside the club is a beach – again perfectly for the family. Camping on Club grounds is free and there is space for 10 Campers and ~20 tents. You can get breakfast at the club and we are currently organizing a nice evening program...

On [www.zvoldambtmeer.nl](http://www.zvoldambtmeer.nl) you can also find some more Javelin-Pics if you scroll down a bit. And if you scroll down quite far, there are also some pictures from last year... in between some nice atmospheric pics.

I think we will have a splendid time there next year and hope to see you all there.

**Jens**
